
RIYA PRASAD

D/O: Dinesh Prasad

Nationality: Indian

Krishnapally Bapuchi colony,

P.S. English Bazar, District: Malda,

Pin. :732101, Malda, West Bengal, India.

Contact: +918759671479/ 8945516138.

Email Id.: riyaprasad9595@gmail.com

D.O.B – 06 Jan 1994

Academic Qualification

Year	Degree / Exam	Institute	Remarks
2017-2019	Bachelor of Education	Satish B.Ed & D.El.Ed College	79.0%
2015-2017	Master of Chemistry	University of Gour Banga	81.3%
2012-2015	Bachelor of Chemistry	Malda College, Malda ,University of Gour Banga	67.8%
2011-2012	WBCHSE(H.S)	Malda Girl's High School	82.0%
2009-2010	WBBSE (Madhyamik Pariksha)	Malda Girl's High School	79.4%

Scholastic achievements:

Awarded with Swami Vivekananda Merit cum means Scholarship for PG course.

Project and Thesis:

- Project work on Cluster studies with special references to NaCl cluster and its Global Reactivity descriptors.

- Oral presentation on Cluster analysis of NaCl under the supervision of Dr. Shuvomoy Chowdhury, Department of chemistry, University of Gour Banga.
-

Technical skills:

- Sound Knowledge in the handling of inert atmosphere.
 - Sound experience in the handling of various types of chromatographic techniques, TLC, Column Chromatography, Partition Chromatography.
 - Technical knowledge of computer application.
-

Teaching Experience:

One year teaching experience in **Sabuj Abujh Shishu Angan**.

Research Experience:

- One year research work in Computational chemistry with special reference in the study of Sodium Chloride clusters and its Global reactivity descriptors.
 - Lab work in Physical chemistry, Organic chemistry, Inorganic chemistry, Analytical chemistry.
-

Teaching interest:

- Physical chemistry
 - Organic chemistry
 - Inorganic chemistry
-

Position of responsibility

- Participant of Science academies lecture workshop on “Fascinating Chemistry” Organized by department of chemistry. Malda college Malda.
 - Participant of inter college workshop on chemistry by Malda college Malda.
-

Personal Summary:

I was born in small town Malda, West Bengal. In my school days, I got interest in science. To know the mystery of science, I choose to pursue Bachelor of science in Chemistry. But after B.Sc, my curiosity was not over. To know the more about chemistry, I pursue post-graduation in chemistry from University of Gour Banga. Where, I was highly influenced in the inorganic and physical aspects of chemistry. During my graduation and post- graduation studies, I was highly influenced in teaching profession. Currently I am providing coaching to IIT JEE, WBJEE and NEET students and working as Science teacher in Sabujh Abujh Sishu Angan.

Other Interest:

Gardening, Exploring new places, travelling, listening music
