About me

I hold M.Sc. degree in Mathematics from Visva-Bharati University(VBU-2017) and have also completed B.Ed(1st method subject is Mathematics and 2nd is Physical Sc.) fom VBU(2019).My schooling is from Patha-Bhavana(Visva-Bharati University) from class nursery to class 12. Since I am from VBU(Santiniketan) which is known as place of Gurudev Rabindranath Tagore, our teacher student bonding is so much comfortable and closed to student's heart as well as their mind. So study was not a burden to me. I have learnt how to communicate with students so that they can easily learn their subject deeply without any high pressure or burden.

I have been working as SME (freelancer) through many online platforms like CHEGG,Air Math, CONECTS, SOLVELANCERS etc. Besides that, from 5 years I have been giving priavte tutions to school students in offline as well as online (due to pandemic situation).

Career Objectives

Looking for the position of Mathematics Teacher in an organization that will enhance my horizon of knowledge and provide me the opportunity to impart the subject knowledge to young souls.
