- Performed a collaborative action research to eradicate the problems faced by class VII individuals in framing the answers in their own words.
- Performed in a musical drama based on school life, during Children's Day celebration.

RESEARCH EXPERIENCE

Presented Research paper titled "The Impact of widespread telecommunication sector on internet surfing with the particular reference to Reliance Jio" under College with Potential for Excellence (CPE) scheme, UGC. **(Oct18 - Nov18)**

TASK	DESCRIPTION
Objective	To map internet usage habits and motives among college students and investigated the trend of internet users during three phases- Pre Jio Era, free Jio Era and Post free Jio Era.
Methodology	A survey was conducted on a sample of college students drawn with the help of simple random sampling and stratified random sampling. Chi-square test and large sample test was applied for testing internet usage habits.
Conclusion	College students were affected by Reliance Jio effect profoundly. Number of regular internet users, smartphone users and their internet usage duration among college students had been increased remarkably.
